NEW SUPER SALES INDUSTRIES

MASKING TAPE

- High performance multipurpose masking tape
- Resistant to strong solvents and paints
- Good holding power
- Excellent for many individuals applications
- No adhesive transfer after removal

NANO-SIL GRIP TAPE

- Super double side adhesive tape .
- Made of nano silica gel material.
 - Leaves no residue.
- Re-washable and re-usable.
 - No drilling no screwing.

ELECTRICAL INSULATION TAPE

- Reliable self-extinguishing electrical insulation tape
- Stretchable Grips firmly, Water proof, whether proof & non-ageing
- Resistance to acidic, alkalies & oils
- Holding & Insulating various transformer, capacitors, communication systems & instruments
- Insulation & protection to wires of electrical appliances & machines.

ACRYLIC FOAM TAPE

- Mounted trims, emblems and body size mouldings are fixed.
 - High performance adhesive tape.
- Various grades of acrylic foam tapes are available.
- Thickness: **1.00 mm** • Tape Colour: **Grey, Clear**
- Liner: **Red PE Film** • Size: **As per requirement**

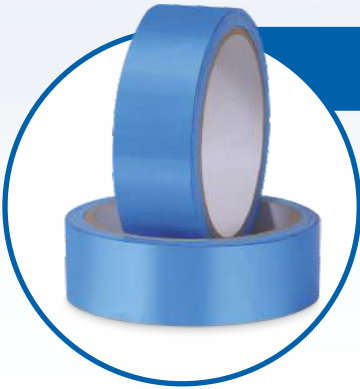

ANTI-SKID TAPE

- Excellent bonding with high adhesive for secure grip
- Highly suitable for public gathering places like officers, factories, Warehouse, cinema halls, shopping centers, malls etc.
- Non abrasive aqua safe slip.
- Cost effective solution to increase safety.

EVA FOAM TAPE

- Very strong and highly durable product.
- Used in arts crafts and DIY projects for its adhesive properties.
- Suitable for clean, smooth walls, ceramic tiles and wooden surfaces.
 - Tailor made shapes are available.

FLOOR GUARD (SPF)

- Marble Flooring • Wooden Flooring • Carpet Flooring
- PROTECT YOUR FLOOR FROM SCRATCHES AND PAINT STAINS**

FLOOR MARKING TAPE

- Uniform thickness and width through out the length.
 - Better performance compare to paints.
- It resists water, weather, acids, alkalies, oil, greases and gasoline.
- Free from wrinkles and air bubbles making it easy to apply uniformly without distortion and frayed edge.

SPACER FOAM TAPE

- Various grades available for wide range of bonding applications.
- Tape with both side adhesive coating.
- Performs well in low and high temperatures.
- Ensuing long term performance.
- Tailor made shapes are available.

ALUMINIUM FOIL TAPE

- For general purpose seaming, patching and sealing.
- Highly suitable for sealing off air conditioning and cool/warm air flow ducting.
- For sealing joints in ducting providing a flame retardant & vapor-proof barrier.
 - Excellent adhesion on dry/clean surfaces on metal and other surfaces.

RED POLYESTER TAPE

- Modified acrylic adhesive with transparent salmon pink colour PE Liner.
- High tensile strength and long term ageing.
- It is excellent for bonding rigid extrusions.
- Most suitable for fixing of reflection foil to LCD frame, splicing of thin plastic films, flex to flex joining.

BOPP TAPE

- BOPP Film is coated with water base adhesive.
 - Printed of single and multiple colors is also possible with logo or customized design.
- Printed with company's logo, it is a self promotion display platform for enterprise.
 - It is very good for carton box sealing & for stationary purpose.
 - Best option to go for branding purpose.
- Provides packaging and sealing solution for both domestic and industrial needs.

KRAFT PAPER TAPE

- Strong adhesive ability
- Good performance in re-stripping & packaging
- Recommended for export packing
- Environment friendly

DOUBLE SIDED TISSUE TAPES

- Excellent quick double-stick, strong adhesion hand tear-able.
- Non-deteriorating applicable for decoration, postal service & laminating
- Ideal for holding and joining of light weight items in office & household application
 - Various sizes and grades available

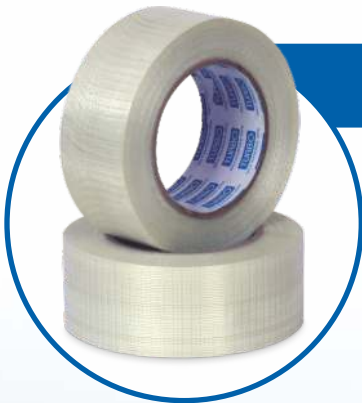

WIRE HARNESS TAPE

- Wire Harness Tape is electrical self-extinguishing soft PVC tape that uses an aggressive pressure sensitive rubber-based adhesive system.
- It has been designed for use where a recognised specification or international standard is required and where environmental safety is a concern hand.

COTTON CLOTH TAPE

- Cotton Cloth Tape is coated with rubber adhesive inside and is coated with special water-proof compound on the outside.
- It has excellent adhesive properties and does not dry and is easy to tear by hand.

CROSS FILAMENT TAPE

- Cross Filament adhesive tape is a high-performance conductive grid adhesive tape that is ideal for clean room and static-free workstations.
- Adhesive Specialties manufactures anti-static adhesive tape for industrial and electronics applications. They're comfortable to wear, easy to use, and incredibly effective.

KAPTON TAPE

- Kapton Tape is a type of polyimide film that is used in a variety of applications. It is made by heating the polyimide resin to form a thin film.
- Kapton Tape has many benefits, including its high-temperature resistance, chemical resistance, and electrical insulation properties.
